CONGRESS EXHIBITION

The Congress Exhibition will be staged at the heart of the conference venue at the award winning Edinburgh International Conference Centre (EICC) which is fully equipped to host world class events. The exhibition hall will host a number of conference programme events and attractions to maximise footfall and interaction with its location as an integral element of the Congress proceedings with close proximity to networking and catering areas.

Congress exhibitors will gain:

- showcase opportunity to a relevant and receptive audience
- networking with both national and international prospects at the forefront of water resource management
- potential engagement with senior representatives of the IWRA, Scottish Government, Scottish Water and Hydro Nation partners as well as other influential international bodies, utilities and private businesses
- demonstration of products and services

The layout of the Congress Exhibition will be flexible to accommodate those with existing exhibition structures and others requiring ready-built stand shells as well as ‘open space’ for exhibitors requiring a larger area or bespoke site.
